*An initiative to build World Class Lean, Fit, Competitive,  
Profitable and Sustainable Organizations in Gujarat.*

With the increase in international competitiveness on the global front, buyers continuously demand price reduction, high quality and better service from manufacturers / service providers. It makes it important for any organization to undergo operational efficiencies to offset the necessary price decreases and improve their services.

Lean management helps to improve internal systems, thereby making the business lean and fit.

**Lean organizations are Lean in terms of cost & waste free.** Lean means gradual, orderly, and continual improvement by elimination of the organizational fat – “waste”.

**Organizations need to ADD VALUE and remove waste on a continual basis. The focus is on activities on the actual work place.**

**Lean strategy begins and ends with people.**

The Lean Business Strategy involves everyone in the organization working together to make improvements “without large capital investments”.

With Lean, an involved leadership guides people to continuously improve their ability to meet expectations of high quality, low cost and on time delivery.

**Lean transforms companies into world-class organizations.**

Lean/JIT/Kaizen is fundamentally the same

**PROGRAM OBJECTIVES:** Learning and Implementation of “ALL LEAN TOOLS” - (TFM, TPM, TQM, TSM & THM); Learning through sharing; Learning by through LEAN Games and LEAN Model; Industrial Visits
