**Sunday, January 27, 2019 • 9.30 a.m. to 1.00 p.m.**

**Venue:** Torrent-AMA Management Centre, Core-AMA Management House,  
ATIRA Campus, Dr. Vikram Sarabhai Marg, Ahmedabad

A business without ethics is a business at risk. Almost daily, headlines in newspapers trumpet stories of companies facing multimillion dollar fines, criminal prosecutions, and bankruptcy. Behind many of these headlines is the tale of an employee who made the wrong decision, who didn't report suspected wrongdoing, or who failed to recognize an ethical dilemma- Work ethics training ensures that employees will understand the goals and expectations of an organization. Ethics determine the "rules of the road" for a particular entity, so it's imperative to communicate the ethical policy that staff should follow in a way that makes sense at all organizational levels.

Ethics should maintain a positive effect on the employee's surroundings, creating an atmosphere of decision making that fosters help and a feeling of community.

In this course participants will:

1. Understand what 'business ethics' is
2. Learn how to make ethical decisions
3. Receive practical tools to implement ethics in the workplace
