

**B.H. Jajoo-AMA Centre for Entrepreneurship in IT**

**Introductory Seminar on  
Cyber Security Awareness for IT Users**

**Thursday, March 15, 2018 - 5.00 p.m. to 7.30 p.m.**

---

**Venue:** Torrent-AMA Management Centre, Core-AMA Management House,  
AMA Complex, Vastrapur, Ahmedabad 380 015

---

**OBJECTIVES:** This Introductory Seminar is being proposed to create basic awareness and impart basic skills on Information Security to general IT users. The Seminar, without bringing in the jargon and complexities of technology; will help the IT Users to initiate a reorientation of thinking to effectively utilize the available cyber security tools so that different elements of their job can effectively fit together, with IT as the key enabler. The following are the objectives of this Short Seminar:

- To increase awareness on the importance of securing information efficiently.
- To understand the different types of threats, risks and vulnerabilities that exist in both cyberspace environments and to learn effective ways to mitigate the risks.
- To learn about different types of effective security management practices and tools that can be used to increase cyber security.
- To initiate creation of culture of information security among IT Users.

**WHO SHOULD ATTEND:** This being an introductory seminar, any person using IT for personal or professional work will be benefitted.

**PRESENTER:** The Seminar would be presented by **Mr. B. G. Gupta**, M. E. (Production Engineering), P. G. Diploma (Industrial Engineering), with specialization in Management Information Systems from Germany. For more than 45 years, Mr. Gupta has been providing training and consultancy services in e-Governance, Information Security, IT Applications in Business & Governance.

**DURATION:** 3 hours, Thursday, March 15, 2018 - 4.30 p.m. to 7.30 p.m.

**FEE:** Nominal Registration fee Rs.100/- per participant. Please send your registration indicating name, address & phone number to:
