**Venue:** Torrent-AMA Management Centre, Core-AMA Management House,  
AMA Complex, Dr. Vikram Sarabhai Marg, Ahmedabad - 380 015.

Building accessories are all those items which are needed to make a building functional after the structure is built out of steel, bricks and cement. These include paint, tiles, piping, faucets, cables, switches and electrical wall mountings, lighting, small pumps & motors, steel fasteners, sinks, brass fittings, PVC storage tanks & windows etc., indoor & outdoor furniture, municipal castings and many other large & small items.

Countries in Asia and Africa are on a high growth trajectory and there is a large and growing market for these items throughout Asia, Middle-East, Africa, Latin America and Central Asian Republics due to their need for infrastructure and housing. These are suitable for merchant exporter as well as SMEs due to a large number of manufacturers in each category and the industry is not dominated by a few multinationals.

The global market for Construction Materials is projected to exceed US\$1 trillion by 2020, driven by improving world economic outlook and recovering construction activity in residential, commercial and infrastructure sectors. This workshop will provide an overview of the rising export and investment opportunities in some of these sectors.

The Workshop will be conducted by **Mr. Suhayl Abidi**, Research Advisor, GOG-AMA Centre of International Trade and Editor, Foreign Trade Update.

**Nominal Registration Fee:** Rs.300/- per person inclusive of GST. (fee includes course fee, cost of reading material and Refreshment). Cheque should be drawn in favour of "Ahmedabad Management Association"
