Workshop on **Global Market for Specialty Chemicals**

Friday, July 14, 2017 • 10.00 a.m. to 1.00 p.m.

at Hotel Yuvraj, Near Central Bus Stand, VADODARA.

The Fine and Specialty Chemicals industry in India represents a \$30billion market, which is growing at 10-12% annually – faster than the chemical sector as a whole. The industry not only serves the local market, but also the global one and is globally competitive in many sectors, including China.

The aim of this workshop is to provide an overview of the entire specialty chemicals sector to enable SMEs in Gujarat state to setup & expand industries in various sub-sectors of specialty chemicals sector with a view to, not only service Indian costumers but also move aggressively in the vast global market arena.

The workshop will be conducted by **Mr. Suhayl Abidi**, Editor Foreign Trade Update, Government of Gujarat-AMA Centre of International Trade.
