

Programme on
Introduction to Process Safety Management
(Friday, July 28, 2017 – 9.30 a.m. to 5.00 p.m.)

at Torrent-AMA Management Centre • Core-AMA Management House, ATIRA Campus, Dr. Vikram Sarabhai Marg, Ahmedabad-15.

This course is suitable for people working in process industries such as oil and gas, chemicals, plastics and pharmaceuticals. Given the hazardous nature of these industries, this course will help Managers, Supervisors and safety professional to gain insight into the overall framework of PSM, which will be helpful to fulfill their process safety responsibilities.

This course will also be helpful to students who have gained underpinning knowledge of health and safety issues.

- Contents : • Safety Philosophy & Safety System Elements (Fundamentals and concept of Safety & Safety Psychology, human behavior, BBS, Ergonomics)
• Process Safety Leadership & Risk Identification and Assessment (Planning, Commitment Employee Involvement, Training, Process Safety Information, PHA, QRA)
• Risk Management (Safety reviews, Loss prevention Work authorization, Asset Integrity, Inspection & Maintenance, Standards and O & M procedures, Safe start-ups shutdowns, Emergency Response)
• Review and Improvement (Incident reporting and investigation, management of change, safety audits, evaluation and corrective action)

Learning Outcome: The course is intended to provide awareness and fundamental understanding of Process Safety Management. It is expected that towards the end of the course, the attendees will be able to appreciate various aspects of safety and loss prevention activities. This would help them to apply a holistic approach towards safety and contribute effectively towards management of process safety risks in their respective industries.

Faculty : Mr. Akhilesh Shah, Principal Consultant, Prorener Engineering Consultants Pvt. Ltd.

Fee : Rs.1600/- per participant. Fee includes course fee, cost of reading material, lunch & refreshments.
